2. I'll not use my words as weapons
 Or the past to gain control
 On my tongue no trace of venom
 Only grace to comfort and make whole
 I am weak but God is with me
 Past and future in his hand
 Turns to good the ill we suffer
 Works all things into Love's plan

3. Holy Dove, return and rest here
 As I think and speak the best
 Though it takes ten thousand choices
 I'll press on to honour and to bless
 For the love of Christ my Saviour
 By the strength he daily gives
 This will be the thanks I offer
 I will totally forgive
